

Invitation

Special Issue Launch

Monday Nov 9 2009 @ 2:00
Scarfe Rm 310, UBC

As writers, academics, researchers and therapists we are inspired with the power of the human ability to heal or repair the self. We have witnessed this many times in our work with survivors of traumatic events. This inspiration led to the development of this special edition of Educational Insights.

Articles in this issue explore how reconstruction and reintegration of self and context is made possible by enacting the story, by giving voice to story through performing repair.

Issue editors: Marla Buchanan •
Marv Westwood • Richard Harrison

Academic Editor: Lynn Fels
Managing Editor: Michael Boyce
